## 1) Lottery Application – Sustainable Mapping Grant

The submission has gone in.

Awaiting response.

## 2) Landfill Disposal Tax - Sus Mapping Grant

Meeting with Mary Duckett on Friday, 24<sup>th</sup> August at C3SC

Mary seems very enthused about mapping / calendar – it was strongly encouraged that a £50,000 grant application be put in – to run over 24-36 months if need be.

- Supplemental grants can be applied for lateral projects coming in.
  - i.e. of one of the districts have a project like building raised planting beds, or a healthier / growing strategy can be implemented within 6 months.
- Orchard Cardiff may be perceived as too commercial – however if spun off as a Social Enterprise – then a collaborative application could be put in!
- **NEXT MEETING – 4pm, Friday, 28<sup>th</sup> September 2018**
  - **Explain previous lottery application**
  - **Conflict of interest – how to mediate / bypass?**
- Mike & Paulus to meet up again after to begin getting application in.
- Mary - Request paper copy of application for us.
- Encourage to look at WCVA website

## Mapping actual programme – (later discussion)

- Vastly improve efforts from 2011/2012
- Look into programme of Open Green Maps / Google Maps / Spreadsheet database = something non-complex / display mechanisms.
- Google – up to 20,000 hits a year – then they wish to gain money.

# Cardiff Transition Conference

## September/October 2020

Venue: City Hall (proposed)

A conference to take us all into the 2020's.

Showcase of:

- 5 nearby Transition groups (Chepstow, Abergavenny, Penarth etc)
- 20 local groups
  - 4 categories
    - Food / Growing / Health
    - Renewables / Efficiency
    - Local economy / formal & informal / volunteering
    - Other category
- Charge? £5 entry each?
  - Specialty tickets £10? Take home a basket etc.

All day event with numerous presentations, interactive sessions, taster sessions etc.

Paulus to make early in-roads into validity of this project.

## Cardiff Transition Library

Look at possible:

- Apps – Android, Apple, Linus,
- WordPress Plugins
- Accessibility – for non-internet users / traditionalist
- HTML good knowledge
  - Can we find a decent coding person
  - We are all looking for possible software
- Claudine has experience of macros (little programs)
